

# POLYCARBONATE FOPS

## KEY FACTS:

- FOPS according to ISO 10262 level II
- Frontguard replaces the original front screen and is permanently mounted on the cabin, thus providing an optimal field of view without restrictions due to steel struts
- Protective roof with polycarbonate pane, can be opened as a hatch
- Low additional installation height
- Additional screw points for headlights
- Assembly takes place exclusively on existing mounting points
- Great appearance and corrosion protection due to professional powder coating
- Delivery includes detailed assembly instructions + spare parts list
